We continue to work hard to abolish the cruel and unnecessary roundups of Wild Horses and Burros by the Bureau of Land Management (BLM), from the land which is rightfully theirs.

In 1971, Congress passed the Wild Free Roaming Horse and Burro Act, which mandated range lands in 10 states for America's wild horses and burros.

The Bureau of Land Management (BLM) has now leased millions of acres of the wild horse and burro range lands to cattle interests.

7 million head of cattle now graze on these designated range lands.

Therefore, the only safe place for these displaced animals is a sanctuary.

Come And Join Me.

Having A Good Time.

Your tax deductible contribution will help us to create a wonderful sanctuary for all of our rescued burros, mules, horses, dogs, and cats. We receive no government funding. We are counting on your help and financial support. Wild Burro Rescue does not employ professional fundraising companies. They are expensive. We do the fundraising ourselves with the help of volunteers. Therefore, every dollar you donate goes directly to our sanctuary helping the animals.
